

REMARKS

Claims 1-15 are pending in the application. Pursuant to the Office Action, the Examiner has requested restriction to either the Group I claims, Claims 1-11, drawn to an electrical potential therapy apparatus, or the Group II claims, Claims 12-15, drawn to a control method of an optimal dose amount.

In response, Applicant elects to prosecute the Group I claims, Claims 1-11, in the present application, without prejudice to pursuing the Group II claims, Claims 12-15, in a future divisional application.

Respectfully submitted,
